**Georgia Minority Business
Awards Dinner**

Building Our Future Through Diversity

The Georgia Minority Business Awards...

The Georgia Minority Business Awards (GMBA) is mandated to evolve and effect change to sustain and propel the vision in this 21st century and serve as a catalyst for a new generation of business owners that are valuable trend indicators in “Building Cultural and Global Relationships.”

We have set standards to embrace diversity, overcome cultural obstacles and continue to build global relationships. The amalgamation of minds forms partnerships thus creating common ground for success and achievement. In March of 2022, we will host our 25th annual awards dinner to celebrate minority businesses and entrepreneurs from around Georgia who are making an impact within their perspective business communities. We represent all people, ethnicities, and cultures. The speakers, CEO’s, minority business winners and scholarship recipients represent the best in success and exhibit business ethics and values nationally and throughout the state of Georgia.

In partnership with Business Development Initiative, Inc. (BDI), which is an entrepreneurial school for youth in high school and middle school, scholarships are awarded to students at colleges and universities that have a focus in Business, International Studies, and IT partnership programs with business schools and MBA campaigns that promotes future employment opportunities and corporate growth in Georgia.

What began as merely a vision has turned into a successful annual award events which businesses and entrepreneurs look forward to being a part of each year.
